RST Disappointed By Festive Fixture Scheduling

The Rangers Supporters' Trust would like to express its disappointment regarding Rangers' festive fixtures for season 2006/07.

To ask Rangers fans to travel to Aberdeen and Inverness within 4 days of each other either side of Christmas Day seems unfair and is hardly conducive to maximising attendances and thus revenue for Scottish football.

In addition, the likely inclement weather and restricted travelling options means such a choice of fixtures seems rather misguided to say the least.

Although the Trust appreciates the SPL fixture list is decided by computer, perhaps the SPL would be better served to employ some common sense when it comes to convenience and safety for travelling supports of all clubs. As such, we would urge the authorities to rethink how the fixtures are decided to avoid such negative scheduling in future.
